Group Project no. 2: Deadline Week 8

You are required to write an essay of 500 words which highlights global issues with water. Research the topic using the following information:

• https://www.theguardian.com/global-development/2019/mar/22/dirty-water-20-times-deadlier-tochildren-in-conflict-zones-than-bullets-unicef

• https://www.ted.com/talks/deepika_kurup_a_young_scientist_s_quest_for_clean_water

• http://interactive.aljazeera.com/aje/2017/watergrabbing/index.html

• From my section on Moodle, download the report Water grabbing An Atlas of Water.

Read the following:

• Homepage

• Preface

• Part 2, chapters 4-8 (Mekong, Ethiopia, Brazil, South Africa, Occupied Palestinian Territory).

You will need information on the authors of the above to be able to contextualise them in your essay. You may also research other resources, provided you cite them in the essay and include them in the references.

The aim of your essay is to highlight two areas:

• the human right to have access to clean water

• water grabbing and its consequences.

The introduction should have a statement of purpose and the conclusion should focus on possible solutions

and future consequences.

Formatting your essay

A contents page and abstract are not required but you must include:

• Title page (see p. 2 for an example)

• Main body

• References

Cite the chapters from the Water grabbing pdf file as sections/chapters in an online book, using the Aljazeera URL above. Follow the model below.

Cody, S. (2007). Letters and sounds. In The art of writing and speaking the English language (pp.7-24).

Retrieved from www.gutenberg.org/cache/epub/19719/pg19719.html

For queries about formatting and references, please consult the Purdue Online Writing Lab at:

• https://owl.purdue.edu/owl/research_and_citation/apa_style/apa_formatting_and_style_guide/genera

l_format.html

• The APA Style Guide to Electronic References in my section on Moodle.
